Safety Data Sheet

1. Identification

Product Name:	Pink Himalayan Salt — Bulk Food Grade
Synonyms:	Himalayan rock salt, pink salt, rock salt (sodium chloride)
Recommended Use:	Food ingredient (seasoning, mineral salt) for foods and beverages.
Restrictions on Use:	None known for food use within regulatory limits.
Supplier:	LiquidShop (Liquid Solution), 613 Rte du Président-Kennedy, porte 6, Lévis, QC G6C 1J6, Canada
Contact:	info@liquidsolution.ca · liquidshop.ca
Emergency Telephone:	Centre antipoison du Québec: 1-800-463-5060 (24 h)

2. Hazard Identification

Classification:	Not classified as a hazardous product under WHMIS 2015 (HPR) or GHS.
Label Elements:	No pictogram, signal word or hazard statement required.
Other Hazards:	Dust may cause mild mechanical irritation to eyes and respiratory tract. Fine dust dispersed in air may form combustible dust concentrations.

3. Composition / Information on Ingredients

Substance:	Sodium chloride (natural unrefined rock salt, with naturally occurring trace minerals)
CAS No.:	7647-14-5
EC No.:	231-598-3
Molecular Formula / Weight:	NaCl / 58.44 g/mol
Concentration:	Sodium chloride is the main component (natural rock salt)

4. First-Aid Measures

Inhalation:	Move to fresh air. Seek medical attention if symptoms persist.
Skin Contact:	Wash with soap and water.
Eye Contact:	Rinse cautiously with water for several minutes. Remove contact lenses if easy to do. Seek medical attention if irritation persists.
Ingestion:	Rinse mouth with water. Seek medical attention if large amounts are swallowed and symptoms occur.
Symptoms / Effects:	No significant acute effects expected. Dust may irritate eyes.

5. Fire-Fighting Measures

Extinguishing Media:	Water spray, foam, dry chemical or CO2.
Specific Hazards:	Not flammable. Thermal decomposition may release irritating fumes (hydrogen chloride, sodium oxides) at very high temperature.
Protective Equipment:	Self-contained breathing apparatus and full protective clothing.

6. Accidental Release Measures

Personal Precautions:	Avoid dust formation and contact with eyes. Ensure adequate ventilation.
Environmental Precautions:	Avoid release of large quantities to drains and surface water.
Clean-up:	Sweep or vacuum up and place in a suitable closed container for disposal. Avoid generating dust.

7. Handling and Storage

Handling:	Handle in accordance with good manufacturing and hygiene practices. Avoid dust formation.
Storage:	Store in a dry place in tightly closed containers (hygroscopic, may cake). Keep away from strong oxidizing agents and strong acids.

8. Exposure Controls / Personal Protection

Exposure Limits:	No occupational exposure limits established. Nuisance dust limits apply.
Engineering Controls:	General or local exhaust ventilation to control dust.
Eye Protection:	Safety glasses with side shields.
Skin Protection:	Food-grade gloves and clean work clothing.
Respiratory Protection:	Dust mask (N95) if dust is generated.

9. Physical and Chemical Properties

Appearance:	Fine to coarse pink crystalline granules
Odour:	Odourless
Taste:	Salty
Solubility:	Soluble in water
Flammability:	Not flammable

10. Stability and Reactivity

Chemical Stability:	Stable under recommended storage conditions.
Conditions to Avoid:	Moisture (caking), dust generation.
Incompatible Materials:	Strong oxidizing agents; strong acids.
Hazardous Decomposition:	Hydrogen chloride and sodium oxides at very high temperature.

11. Toxicological Information

Acute Oral Toxicity:	LD50 (rat) > 2,000 mg/kg. Low acute toxicity; excessive intake may cause health effects.
Irritation:	Dust and crystals may cause mild, transient eye irritation.
Sensitization / CMR:	Not a sensitizer. Not classified as carcinogenic, mutagenic or toxic to reproduction.
Food Safety:	Common food ingredient (salt).

12. Ecological Information

Ecotoxicity:	Large releases may harm freshwater organisms and vegetation (salinity).
Persistence:	Inorganic salt; biodegradability not applicable.
Bioaccumulation:	Not expected to bioaccumulate.

13. Disposal Considerations

Disposal:	Dispose of in accordance with local, provincial and federal regulations. Empty packaging may be recycled.

14. Transport Information

TDG / DOT / IATA / IMDG:	Not regulated as dangerous goods.

15. Regulatory Information

Canada:	Not a hazardous product under WHMIS 2015. Food (salt) subject to the Food and Drug Regulations.

16. Other Information

Date of Issue:	2026-10-08
Revision:	00

The information in this Safety Data Sheet is believed to be accurate as of the date of issue. It is provided for safe handling, use and disposal and does not constitute a warranty or quality specification.
